Company: laing O'Rourke

Location: Australia

Category: other-general

About Laing O'Rourke

Laing O'Rourke is a \$6 billion international operation with 70 years of involvement in Australian construction and infrastructure, including nearly two decades under the Laing O'Rourke banner. The business delivers projects as diverse as the environments in which they are built, from high security military bases and major rail transport infrastructure projects, through to landmark buildings at the transport interface. Laing O'Rourke owns Australia's fourth largest plant and equipment hire company called Select Plant Australia. We know the right culture combined with purposeful technology will help us meet demand and deliver certainty for our clients. That's the #powerofexperience.

About the role

We are currently seeking expressions of interest for a Rail Commissioning Manager to join our Rail Operations division in WA.

Based in the Albany region this role will primarily be a FIFO or DIDO role on a family friendly roster.

Rail Operations is an internal Business unit within Laing O'Rourke, specialising in the sole delivery of all aspects of Rail, working with a team of technical experts to deliver a high portfolio of work across Western Australia.

Key responsibilities

Ensure that the project fully implement the requirements of the LORAC Safety Management System and provide the leadership for the Behavioural Based Safety initiative.

Lead the planning, delivery and integration of Testing, Commissioning, Entry into Service and Asset Acceptance of all project elements including civils, track, OLE, electrical, signalling, communications and operational technology

Ensure all related project documentation is developed and approved for each discipline

Ensure all works are undertaken safely and as per relevant standards and specifications

Ensure all resources are deemed competent for the task they undertake

Interface with both internal and external stakeholders

About you

Previous experience in a similar role (highly preferable)

Individual discipline Testing & Commissioning experience (highly preferable)

Local domain experience with PTA or Arc Infrastructure

Working on multi-disciplined projects

Benefits

We work hard to create an environment that brings out the best in our people. We believe in building careers through providing a safe, connected and innovative culture that supports ongoing growth and development. We offer industry-leading benefits such as specialised learning and development programs, a mental health and wellbeing program, industry leading paid parental leave policy, an additional purchased leave option and coaching programs for staff on parental leave.

Diversity & Inclusion

We are committed to building a workforce that reflects the diverse society in which we live and work. Laing O'Rourke is proud to hold the Workplace Gender Equality Agency (WGEA) Citation - Employer of Choice for Gender Equality.

Laing O'Rourke actively supports a diverse workforce and strongly encourages applications from Aboriginal and Torres Strait Islander Peoples and people from culturally diverse backgrounds. Download our Stretch Reconciliation Action Plan at <https://www.laingorourke.com/company/diversity-and-inclusion>

Applications from recruitment agencies will not be considered.
