

## Rail Engineering Surveyor

[Apply Now](#)

Company: Category 5 Labour Management

Location: Perth

Category: other-general

Cat5 Rail is a leading service specialist company, offering comprehensive rail recruitment, manning, and managed labour services across major mining contractors, freight, and passenger networks throughout newest division, Surveying, delivers consultancy, design, surveying, and engineering services to complement our range of rail offerings. What sets Cat5 Rail apart is our commitment to being a one-stop-shop, providing fully licensed and accredited labour, tools, and machinery to deliver complete rail services, with surveying being a pivotal sector alongside Overhead Traction, Signalling, Welding, Track, and Rail Safety.

**About the role** Are you an experienced Surveyor seeking a fresh challenge in a stable and exciting industry? We're looking for talented Rail Surveying professionals to join our team and contribute to the growth of our Surveying division. As part of our team, you'll have the opportunity to work on projects in the Pilbara alongside a collaborative and supportive group of professionals. At Cat5 Rail, we prioritise providing unmatched training and access to industry-leading surveying equipment and software to empower our team to deliver services to the highest standard. We understand the importance of work-life balance and are committed to ensuring all staff have the flexibility they need.

**Skills and experience** Have a proven track record of experience in Surveying. Hold tertiary qualifications in Surveying or Engineering. Share our values of Safety, Service, Community, and Leadership. Possess excellent communication skills to liaise effectively between clients and the Cat5 Rail team. Are willing to undertake FIFO or residential work with flexibility on rosters to meet rail project demands. Demonstrate a passion for technology and working with state-of-the-art equipment. **Benefits** Joining our survey company provides employees with opportunities for

professional growth, collaboration on cutting-edge projects, and competitive compensation packages. Career Growth: The role of a rail engineering surveyor offers ample opportunities for career advancement within the rail industry. Hands-On Experience: Working directly on rail infrastructure projects provides invaluable hands-on experience in surveying methodologies, equipment operation and data analysis. Competitive Compensation: This includes not only competitive salaries, we believe in rewarding hard work and dedication, ensuring that our employees feel valued and motivated to excel in their roles. How to apply Take the next step in your career by clicking 'APPLY NOW' to submit your application! We encourage everyone who meets the above criteria to apply. Your application will include the following questions: Which of the following statements best describes your right to work in Australia? How many years' experience do you have as an Engineering Surveyor? Do you have a current Australian driver's licence? Report this job advert Don't provide your bank or credit card details when applying for jobs. What can I earn as an Engineering Surveyor#J-18808-Ljbffr
