Infosys Consulting is the global management and technology consulting practice of Infosys, a global leader in technology services and consulting. We combine the power of time-tested methodologies, people-driven innovation and disruptive technology to enable leaders of the world's top brands to pursue a path of smart transformation. Together with our clients, and internal and external partners, we co-create and execute pragmatic strategies and solutions that transform organizations and define the future of business. Our dynamically growing consultancy offers our consultants: We have offices in over 20 countries. Our Australia hub offices are located in Sydney, Melbourne, and Canberra. Visit <http://www.infosysconsultinginsights.com> or reach us at \*\*\*\*\* for more information. Infosys Consulting is currently seeking an overall SAP EWM Functional consultant, who has a minimum of 3 E2E SAP EWM implementation experience preferably with IT OT integration experience in a manufacturing / CPG / Retail sector. Responsible for the overall and site-specific process and technology architecture including IT OT integrations to Automation products like Swisslog, Dematic, etc. The said resource will be the owner of the overall EWM National architecture for the ANZ region and will have to heavily rely on the counterparts on the process design, alignment to business objectives, and process KPIs. The project is being carried out in a National Template design and multi-site rollout plan including template simplification and rollouts, retrofitting sites, Swisslog Apps, and Infra refresh, and coordinating with various internal and external stakeholders for dependent projects, milestone, deliverables tracking and reporting. Requirements SAP EWM Consultant – Inbound SAP EWM implementation experience – 7 + years Overall experience – 15 + years Good

understanding of warehousing processes Solution design and architecting for below mentioned processes. Experience in EWM configuration and business processes of inbound. Inbound process – Inbound process – Search sequence, put away strategy. RF device set up and development - POSC / LOSC settings Benefits We welcome applications from all members of society irrespective of age, sex, disability, sexual orientation, race, religion, or belief. We make recruiting decisions based on your experience, skills, and personality. We believe that employing a diverse workforce is the right thing to do and is central to our success. We offer you great opportunities within a dynamically growing consultancy. You will elaborate and deliver best practice solutions and will be able to further develop your solution design, implementation, and project 2 management skills. At Infosys Consulting you will discover a truly global culture, highly dedicated and motivated colleagues, a cooperative work environment, and interesting training opportunities
