

Senior Business Analyst - Remediation Initiatives

[Apply Now](#)

Company: Allura Partners

Location: Haymarket

Category: other-general

Senior Business Analyst - Remediation Initiatives Senior Business Analyst needed to collaborate on various remediation initiatives - 9-day fortnight - Fixed term contract.

04th April, 2024 Position Overview: Our client seeks a highly skilled Senior Business Analyst to collaborate on various remediation initiatives. The ideal candidate will have a strong background in documenting processes, a deep understanding of the Software Development Life Cycle (SDLC), and extensive experience in remediation projects. Key

Responsibilities: Collaborate with cross-functional teams to analyse and document business requirements for remediation projects.

Develop comprehensive business requirement documents (BRDs), functional specification documents (FSDs), and other relevant documentation to support remediation efforts.

Facilitate communication between business stakeholders and technical teams to ensure alignment and understanding of project goals and requirements.

Conduct impact assessments and gap analyses to identify areas for improvement and remediation.

Provide expertise and guidance on best practices throughout the SDLC, from requirement gathering to implementation and post-implementation support.

Drive continuous improvement by identifying opportunities to streamline processes and enhance efficiency.
