Senior Consultant, Analytics Senior Consultant, Analytics Job no: 793416 Business unit: Personal Banking Primary position location: 2 Carrington St, Sydney, NSW Work type: Permanent Full time Region: NSW- Sydney CBD Your daily work makes a difference to millions of customers. You will be supported to manage your career, work, and life. Work in a collaborative and inclusive team environment. It's more than a career at NAB. It's about more opportunity, more moments to make a difference and more focus on you. Your job is just one part of your life. When you bring your ideas, energy, and hunger for growth to us, you'll be recognised and rewarded for your contribution in return. You'll have our support to excel for our customers, deliver positive change for our communities and grow your career. It's a good time to see what more you can find at NAB as a Senior Consultant, Analytics. The role: The intent of the Senior Analyst, Advanced Analytics is to enhance the capability of the team to provide acquisition offer modelling and analytical support at a strategic and tactical level to achieve business goals. This role supports the stakeholders across Credit cards, Ready Credit and Personal Loan products. This role will be key for the business to meet the organisation's short-term and long-term customer and financial objectives by supporting the analytics related to acquisition offer modelling, tracking of acquisition offers, product CVP (Customer Value Proposition) related analytics. This role also supports in migration activities related to acquisition offer modelling to the new unsecured lending platforms. The role and day to day will include : Use modelling template and established process to develop acquisition models for the required offers. Build, modify and manage offer tracking dashboards as required. Understand business' needs and convert business questions into data

trends to deep dive and answer the question. Able to revert to stakeholders by converting insights and findings into recommendations from the deep dive. Quick learner to be able to understand data and business. Challenge the status quo and ask the right questions. Manage / work with stakeholders closely to understand the requirements. Team player Clear about purpose, values, goals and plans, expectations and processes, and the boundaries of ethical decision making. Capable with the right talent, time, tools and skills to do their work, with leaders expected to manage resources (people, budgets, assets) and coach teams to build competence and confidence. Motivated by leaders who build trust, inclusive teams and a psychologically safe environment, track results, and provide clear follow-up and feedback. What you will bring: At least 5+ years' experience in data analytics related to financial services, banking or insurance. Prior experience in financial modelling is preferred. Prior experience in working with offshore teams or in a matrix work structure is preferred. Experience in handling high volumes of data. Work experience on SAS, R or Python at advanced levels is a must. Work experience in providing analytical insights to business and / or data driven consultancy. High levels of proficiency in MS Excel and PowerPoint; Excel VBA is an added advantage. Make a difference through your work At NAB, we work together to deliver exceptional outcomes that exceed our customers' expectations. We are an ASX listed organisation that has been serving Australian communities for more than 160 years. We are investing in positive change and our work changes the future of banking. Our colleagues have an impact far beyond work, and you will be part of a team that is helping to solve some of society's biggest challenges. A diverse and inclusive workplace works better for everyone At NAB, we are intent on building a culture we can all be proud of. One based on trust and respect. An uplifting environment where every single one of us feels appreciated and empowered to be our true, authentic selves. A diverse and inclusive workplace where our differences are celebrated, and our contributions are valued. It is a huge part of what makes NAB such a special place to be. More focus on you We are committed to delivering a positive experience for our colleagues and a workplace you can be proud of. We support our colleagues to balance their careers and personal life through flexible working arrangements such as hybrid working and job sharing and competitive financial and lifestyle benefits. We invest in our colleagues through world class development programs (Distinctive Leadership and Career Qualified in Banking), and empower you to learn, grow and pursue exciting career opportunities.
