

Senior Consultant - Engineering

[Apply Now](#)

Company: Coras Solutions Pty Ltd

Location: Canberra

Category: other-general

The Role

We have an immediate need for a Senior Consultant in Canberra with outstanding Engineering skills and experience in the Defence Industry. This role is in our Service Delivery Team, where you will provide engineering consulting services to our clients. While consulting experience would be great, we can help you to develop those skills if you haven't consulted before.

Our Ideal Candidate

You are experienced in technical planning, system integration and verification and validation activities. If you have delivered these types of services in, or to, CASG or other Defence clients in the past, we would love to have a chat.

As a Defence consultancy, we also need you to be an Australian Citizen with the ability to obtain and maintain an AGSVA Security Clearance.

Required skills and attributes include:

A Bachelor or equivalent level qualification in Engineering (Systems, Mechanical / Mechatronic, Electrical, Aerospace, or other relevant Engineering field)

Minimum 3 years post graduate experience

Humanistic, with a high level of emotional intelligence

Excellent communicator / collaborator

A proven track record of delivering quality outcomes

An active NV1 (or higher) security clearance

Having these other abilities would also be awesome but not mandatory:

Experience in Systems Engineering processes, preferably in a Defence environment

Experience in the One Defence Capability System

Defence Maritime, Land or Air capability (sustainment or acquisition) experience

Experience in the development of artefacts within the One Defence Capability System

Knowledge of the Defence industry structure and capability

Working knowledge of the ASDEFCON suite

Experience in "Above the Line" support directly to the Commonwealth

#J-18808-Ljbffr
