**Senior DevOps Engineer - Cognizant**

**Apply Now**

Company: Cognizant

Location: Australia

Category: computer-and-mathematical

Do you have DevOps experience, and are you seeking a new job in Melbourne? Cognizant is recruiting a full-time Senior DevOps Engineer.

As a Senior DevOps Engineer, you will operate within agile delivery teams responsible for project objectives.

To give you an idea of how this flexible role would look and feel, here are some things you could expect to do:

· Ensure applications and infrastructure are performing across multiple environments.

· Provide production support.

· Provide development environment support to development and quality assurance teams.

· Implement and train the team on secure development processes and practices.

To apply for this Senior DevOps Engineer role, your soft skills, expertise and experience should include:

· Superior technical problem-solving skills.

· The ability to manage multiple tasks and priorities.

· Strong hands-on experience with Kubernetes and Istio.

· Experience building CI and CD pipelines (Codefresh, GitHub Actions and Bamboo preferable).

· Experience with .NET applications and development.

At Cognizant, taking care of employees is a priority:

· You can pursue innovative career tracks and opportunities here.

· You can enhance your professional development through education and dedicated training.

· We'll give you the skills you need to keep pace with the changing workplace while our compensation, benefits and wellness packages help you stay healthy and plan for the future. We'd love you to apply for this full-time Senior DevOps Engineer position in Melbourne, and we're waiting to hear from you. Please contact Cognizant today.

At Cognizant, we engineer modern businesses to improve everyday life because we're dedicated to making a lasting impact. Cognizant (Nasdaq: CTSH) engineers modern businesses. We help our clients modernize technology, reimagine processes and transform experiences so they can stay ahead in our fast-changing world. Together, we're improving everyday life.
