Company: ETE Group

Location: Brisbane

Category: other-general

Senior Dynamics 365 CE/CRM Technical ConsultantDevelopers/Programmers (Information & Communication Technology)

Full time

Absolute TOP-END Salary & lots of benefits

The Company -

This is a global Microsoft market-leader that operates and thrives around the planet. Locally, they are a true success story and a Microsoft market leader who offer every single employee a dynamic challenging and rewarding work environment. They look to build their teams from within and develop and nurture career aspirations and directions. They have the opportunity to offer a stable career path at any level with a wide range of benefits and work/life balance options. This is simply a great place to work with and they are a true market-leader in the provision and management of specialist Enterprise-level IT services and solutions. The Role

We now seek a highly experienced Senior Dynamics 365 CE Technical Specialist to play a Lead Technical Role in the Microsoft Business Applications Team. You will operate at a Senior or Lead or Principal Consultant level (dependent on experience) and be offered the chance to take the Lead across a variety of projects and consulting engagements. You will be responsible for providing Expert-Level Technical knowledge and support on how to integrate Microsoft Dynamics 365 CE solutions and customer's IT infrastructure. Your Responsibilities will include:

Providing an in-depth Technical knowledge of Microsoft Dynamics 365 CE and other Microsoft

technologies utilising both cloud and on-premise deployment models.

Producing conceptual design documentation that adheres to Microsoft's best practices for implementations of Microsoft Dynamics 365 CE.

Providing guidance on business decisions from a functional and technical perspective to business or technical stakeholders.

Taking ownership of and responsibility for the functional and technical delivery of Microsoft Dynamics 365 CE deployments and upgrades.

Skills & Experience required:

Experience with Dynamics 365 CE latest releases, as well as older versions of Dynamics CRM for delivery as SaaS, on Azure or On Premise.

Immaculate communication skills, both written and verbal, and the ability to work well in a team environment.

Outstanding decision making skills and the ability to learn new skills and technologies quickly.

Computer Science or Software Engineering qualifications is desirable, but not essential

Brisbane CBD and WFH-based role (mainly WFH)Apply now, in strictest confidence, to
