## Senior Medical Science Liaison (VIC) - Gastroenterology and Immunology

### Benefits

Join a globally renowned organisation as part of their exciting Australia/Oceania expansion

Highly rewarding remuneration package including bonus and car allowance

Managing both a pioneering product portfolio across Gastroenterology and Immunology and a truly remarkable future pipeline

### About the company

Globally recognised for their commitment to pioneering advancements and superior performance in various therapeutic domains, this leading Pharmaceutical Manufacturer maintains a committed dedication to elevating industry benchmarks. Through their ongoing pursuit of refinement, they have consistently enhanced patient welfare, revolutionized drug development, and notably, facilitated the recovery of countless individuals from severe illnesses. With ongoing advancements and unwavering commitment to key portfolios, this organization aims to maintain its leadership position in specialized therapeutics.

### About the opportunity

Playing a pivotal part in medical engagement, the Senior Medical Science Liaison (MSL) will manage the execution of medical strategy within Gastroenterology and Immunology -

nurturing relationships with essential Key Opinion Leaders across the Therapeutic Area. By offering impartial information to external stakeholders and sharing insights from the medical community with internal counterparts, the MSL collaborates seamlessly across departments to formulate and implement relevant strategies to drive value and efficiency from both a commercial and patient-care perspective.

### **Responsibilities**

Establish and maintain commercial relationships with KOLs across hospitals, pharmaceuticals, academic institutions

Display leading industry knowledge across all interactions

Contribute to strategy development and holistic growth across drug development

Proactively mitigate challenge, recognise obstacles, and leverage relationships to develop product portfolio

### **Skills and Experience Required**

Minimum 1 year experience in an MSL role across any therapeutic area

A clinical mindset alongside commercial acumen

Strong rapport building capabilities with an adaptable approach

Effective communication and presentation skills with a demonstrated ability to nurture relationships with KOLs and stakeholders on a National, State and Territory level

### **Culture**

An immersive environment dedicated to patient care, innovation, success planning and future development.
