

Senior Project Engineer - Over Head Wiring

[Apply Now](#)

Company: Design and Build Recruitment

Location: Melbourne

Category: architecture-and-engineering

Job Description

About the Company

This company are a renowned leader in the construction and engineering industry, and are seeking a talented Overhead Wiring Project Engineer to join their dynamic team. As a Project Engineer, you will play a key role in the construction delivery of overhead wiring systems for infrastructure projects across Australia. This is an exciting opportunity to contribute to major infrastructure projects and work with a team of industry professionals.

Responsibilities:

Review of design documentation

Assisting in tendering & estimating of OHW works

Development of material BOQ's

Planning & resourcing of OHW inspection

Construction and maintenance works

Site support and production of the associated QA documentation.

What's in it for you:

Work for a tier 1 construction company delivering landmark complex rail infrastructure projects across Australia

Exceptional career development opportunities

Support to continue your growth within the rail sector

Competitive remuneration and company benefits

About you:

Valid Driving Licence & ability to pass a pre-employment medical; including drug and alcohol screening

Construction Industry Induction & Rail Industry Worker (RIW)

Engineering Degree (preferred) or equivalent post school qualification

Knowledge of OHW Systems

Proven years' experience working in the Rail sector

For more details on this position or to find out more about opportunities in the rail sector contact Sophie Potts at Design & Build Recruitment on 0468 927 182 / spotts@designandbuild.com.au
