Company: Design and Build Recruitment

Location: Australia

Category: other-general

### Job Description

A leading construction company specialising in high-rise residential projects. Currently seeking a highly skilled and experienced Senior Site Manager to oversee the construction of a 15-level apartment building in Dandenong. If you are passionate about delivering exceptional results, possess excellent leadership abilities, and have a proven track record in successfully managing large-scale projects, we want to hear from you.

### About The Company:

A solid reputation in the industry for their commitment to excellence and over 20 years of experience, they have successfully completed numerous projects, including residential, commercial, and mixed-use developments. They are a company who values professionalism, teamwork, and integrity, and strive to create an environment where employees can thrive and grow.

### Responsibilities:

As the Senior Site Manager, you will be responsible for overseeing all aspects of the construction process for the 15-level apartment building in Dandenong. Your key responsibilities will include:

Managing and supervising site personnel, subcontractors, and suppliers to ensure efficient and timely project delivery.

Monitoring construction progress, quality standards, and compliance with safety regulations.

Coordinating with architects, engineers, and consultants to resolve any technical issues and ensure adherence to project specifications.

Managing project budgets, cost control, and procurement activities.

Implementing and enforcing construction schedules, ensuring milestones and deadlines are met.

Maintaining effective communication with stakeholders, including clients, project managers, and regulatory authorities.

Identifying and resolving any project risks or challenges, proactively implementing appropriate solutions.

Overseeing the implementation of quality control measures and ensuring adherence to company standards.

Providing leadership and mentorship to site staff, fostering a positive and productive work environment.

### **Requirements:**

To be successful in this role, you should meet the following requirements:

Minimum of 5 years of experience in construction management, with a focus on residential high-rise projects.

Proven track record of successfully managing projects of similar scale and complexity.

Strong knowledge of construction methodologies, building codes, and safety regulations.

Excellent leadership and team management skills, with the ability to motivate and guide site personnel.

Exceptional organizational and problem-solving abilities, with a keen eye for detail.

Excellent communication and interpersonal skills, with the ability to build strong relationships with clients, stakeholders, and team members.

Proficiency in project management software and tools

Relevant qualifications in construction management or a related field.

### How to Apply:

If you are ready to take on this exciting opportunity and contribute to the success of a prominent construction company, please click Apply and submit your resume.
