

## Senior Software Engineer, Adelaide

[Apply Now](#)

Company: Wisetech Global Limited

Location: South Australia

Category: other-general

Working in a continuous delivery and automated deployment environment, we ship 3500 upgrades a week. We practice Test Driven Development and place quality at the core of our engineering practice. You will iterate, test, design, and deliver quality code to enable the world's supply chain. As a Senior Software Engineer, you are a mentor, a leader, and an expert in your craft. You can communicate effectively with senior management and executive-level people in terms of strategic goals. Problem-solving skills, curiosity, and passion are the key skills we look for in our Engineers, but for your interest, the technology you can expect to work on will be: .Net, C#, SQL Server Continuous Delivery, using tools such as Git, Jenkins, PowerShell, etc. Quality assurance processes and tools, including unit testing frameworks (MSTest, NUnit), automated testing tools (Selenium), static code analysis tools and performance testing toolkits. Our people are the foundations of our business and we value the contribution and commitment they make. We have a range of benefits including a competitive package, flexible work arrangements, development opportunities, and more. About WiseTech Global Having listed on the ASX in 2016, WiseTech Global is now an ASX 50, AU\$10 billion+ company that is serious about expansion and technical innovation. Through a combination of organic growth and targeted acquisitions, our global employee head count has increased rapidly, and we're far from slowing down. Before you Apply From time to time, WiseTech Global may use an external service provider to assess applications on our behalf. Accordingly, by applying for this role and providing your personal information to WiseTech Global, you consent to WiseTech Global providing this information to our external service providers who are required to treat such information with strict confidentiality in line with

privacy and data protection laws and regulations. We are a global team of passionate people enabling and empowering the supply chains of the world. #J-18808-Ljbffr
