

## Senior Software Engineer- Apac

[Apply Now](#)

Company: Zero Hash

Location: Victoria

Category: other-general

### About the Role

Zero Hash is looking for a Senior Software Engineer to help architect and build new features, as well as scaling the gateway to Finance 2.0. We are a high performing team looking for an equally ambitious and driven teammate.

The right candidate for this position is detail oriented, deeply technical, and driven. You are eager to learn new technologies and complex systems. You build resiliency and scalability into the platform at every step.

If you're looking to have a massive impact in a high-growth startup in one of the most exciting markets in decades, you will find this role challenging and rewarding in equal measure. This fully remote role is open to candidates in any EMEA timezone.#LI-Remote

**Responsibilities** Support the company's vital business by contributing to the design and development of software in an event-driven microservices environment Develop microservices in Golang and Python Work with platform engineers to setup new services Respond to production issues and alerts When necessary, communicate directly with client technical teams **Requirements** 5+ years of experience, preferably in the FinTech space A humble and scrappy get-it-done mindset; you're resourceful and in your element going from 0 to 1 Excellent problem solving skills - can troubleshoot complex systems Deep Proficiency with at least one of Python and Golang and experience with the other. Understanding of SQL and database schema design Comfort with ambiguity; the ability to independently lay out and test clear hypotheses and solve problems without well-defined direction Excellent verbal and written communication skills Preferred Bachelors in computer

science or equivalent experience Experience at a banking-as-a-service, brokerage-as a service, payment-as-a-service business Experience with digital assets Benefits Offered

We believe that the best way to succeed is by having a happy, motivated and healthy team.

We offer the following benefits:

Work equipment Equity Ownership and Early Exercise Maternity & Paternity Leave

Educational budget of \$1000 WFH stipend of \$500 WeWork All Access Membership Visa

Sponsorship About Zero Hash

Zero Hash is a B2B embedded infrastructure platform that allows any platform to integrate digital assets natively into their own customer experience quickly and easily (a matter of API endpoints). We power neo-banks, broker-dealers, and payment groups to offer digital asset trading and custody, crypto-backed rewards and round-ups programs as well as yield through staking and DeFi and NFTs.

Our thesis is very simple: every financial services firm will offer digital assets within the next 2 years and will do so through platforms such as Zero Hash. Zero Hash is defining the new FinTech vertical of digital-assets-as-a-service.

Clients include MoneyLion, Wirex, Deserve, MoonPay, Tastytrade. Backed by Point72 Ventures, NYCA, Bain Capital, Tastytrade.

The Zero Hash Culture

All Zero Hash employees are guided by the following characteristics and core principles:

Independence/Ownership - An ability to work autonomously. Join Zero Hash, pitch ideas, and shape the work you do. Passion - We are innovating quickly and challenging the status quo. We want you to think big, be creative and ?make a difference every day. Collaborative - A good attitude and respect for others. We're teammates, not co-workers. Everything we do is a shared success and equally a shared failure - we talk in terms of we not me. Initiative - An ability and passion for learning and asking questions. We will champion you, challenge you and push you to achieve your best - and we expect you to do the same. Empathy - An ability to listen, respect, and understand your co-workers, customers, and everyone you interact with no matter how different they are to you. Adaptability - An ability to respond quickly. We are in a fast-paced industry and so we expect you to be creative when solving a new problem and comfortable under pressure. Transparency - We believe that transparency is critical to empowering everyone to make the best decisions, both the

company to its people and vice versa. Integrity - Integrity creates trust. As both an organization collectively and as individuals, it is our most valuable asset. Follow us
