Senior Software Engineer - Melbourne

Apply Now

Company: WiseTech Global

Location: Melbourne

Category: computer-and-mathematical

At WiseTech Global, we build the best and the leading technology solutions that enable the world's biggest logistic companies to move goods globally. Our industry-leading flagship product, CargoWise centralizes logistics operations on a single global database, delivering business continuity, scalability, and security.

How you will make an impact

As a Senior Software Engineer, you are a mentor, a leader, and an expert in your craft. You can communicate effectively with senior management and executive-level people in terms of strategic goals. Working in continuous delivery and automated deployment environment, we ship upgrades a week. We practice Test Driven Development and place quality at the core of our engineering practice.

As Senior Engineer, you will ensure the quality of work delivered by the team

You are seen as a mentor and you will provide technical guidance and leadership

You will iterate, test, design, and deliver quality code to enable the world's supply chain.

Make recommendations for the technical direction of software based on current and future technological advances and trends

You enjoy solving complex technical problems, utilizing different technology, and collaborating with a global team of developers

What we are looking for

Problem-solving skills, curiosity, and passion are the key skills we look for in our

Engineers, but for your interest, some of the technology you can expect to work on will be: .Net, C#, SQL Server

Web development technologies, including MVC, jQuery, AJAX, CSS/HTML5, Vue/Angular/React, etc.

Continuous Delivery, using tools such as Git, Jenkins, PowerShell, etc.

Quality assurance processes and tools, including unit testing frameworks (MSTest, nUnit), automated testing tools (Selenium), static code analysis tools and performance testing toolkits

Benefits

We invest heavily in our people from day one and place our developers are the heart of our business. We have a range of benefits including:

Competitive remuneration package + equity

Flexible work arrangement. Hybrid - mostly WFH.

Development opportunities - LinkedIn learning, mentorship, technical rotation, education assistance

Employee assistance program - 24/7 resources, support & information
