Company: Gentrack

Location: Melbourne

Category: computer-and-mathematical

The Company

Gentrack provides leading utilities across the world with innovative cleantech solutions. The global pace of change is accelerating, and utilities need to rebuild for a more sustainable future. Working with some of the world's biggest energy and water companies, as well as innovative challenger brands, we are helping companies reshape what it means to be a utilities business. We are driven by our passion to create positive impact. That is why utilities rely on us to drive innovation, deliver great customer experiences, and secure profits. Together, we are renewing utilities for the sustainable era.

Our Values and Culture

Colleagues at Gentrack are one big team, working together to drive efficiency in two of the planet's most precious resources, energy and water. We are passionate people who want to drive change through technology and believe in making a difference. Our values drive decisions and how we interact and communicate with customers, partners, shareholders, and each other. Our core values are:

Respect for the planet

Respect for our customers and

Respect for each other

Gentrackers are a group of smart thinkers and dedicated doers, outside of work we are musicians, travel fanatics, artists, sailors, family folk, environmentalists, and sport lovers. We are a diverse team who love our work and the people we work with and who collaborate and

inspire each other to deliver creative solutions that make our customers successful.

We are a team that shares knowledge, asks questions, raises the bar, and are expert advisers. At Gentrack we care about doing honest business that is good for not just customers but families, communities, and the planet. Gentrackers continuously look for a better way and drive quality into everything they do.

This is a truly exciting time to join Gentrack with a clear growth strategy and a world class leadership team working to fulfil Gentrack's global aspirations by having the most talented people, an inspiring culture, and a people centric business.

The Opportunity

Gentrack APAC are currently hiring an Intermediate Software Engineer to be part of the delivery engineering team.

You are an experienced Software Engineer with proven CRM and Billing Systems experience. You will be expected to take a strong role in developing quality products and dealing with service requests from customers by actively contributing and collaborating with team members and other developers. Facilitating and providing high quality innovative solutions is essential to this role.

The Specifics

Be involved with customers, such as with requirements gathering and software deployment

Ability to take on multiple tasks within your group and to proactively acquire the product and technical knowledge necessary to deliver your contributions

Active participation in all aspects of agile software development

The successful delivery of software from your team to customers

Collaborate with customers during workshops and design sessions

Open to receiving feedback on the quality and quantity of your technical outputs from your team, technical reviewers, leads and managers

Successfully implementing improvements to practice and process

Work on our bespoke programming language and modern cloud technologies!

Experience / Knowledge

3+ years' commercial software development experience

Designing solutions in an agile SDLC environment

2+ years' working knowledge of CRM and Billing Systems

Strong analytical, problem solving and critical thinking skills

Quick at learning new technologies and systems

Experience working in a team especially a self-managing team

Personal Attributes

Career development opportunities, we will support your special interests and professional growth

A talented team to work in

Regular social events

An opportunity to further develop and deepen your passion for software

This will be a role offering constant learning, working as part of a vibrant team. We are very passionate about what we do and, therefore, the successful candidate will be focused and capable of delivering in a fast-paced and time-constrained environment. Our reward package is competitive and global career prospects are good for the right person.

We want to work with the best people, no matter their background. So, if you are passionate about learning new things and keen to join our mission, you will fit right in.

Also, qualifications are not that important to us. If you have great experience, talent and passion then we'd like to hear from you.

Gentrack is an equal opportunity employer and supports diversity in our workforce. Gentrack encourages diversity in culture and linguists, gender equality, people with disability, people who identify as LGBTQI+, and Aboriginal and Torres Strait Islander people, who are all encouraged to apply.

Due to COVID-19 and current border restrictions, to apply for this vacancy you MUST either currently reside in Australia (and hold the right to work in Australia), or if currently off-shore, be a New Zealand citizen with valid travel conditions.
