Solutions Architect Intern

[Apply Now](#)

Company: Amazon Web Services Australia Pty Ltd - D81

Location: North Sydney

Category: computer-and-mathematical

At Amazon Web Services (AWS), we are working to be the most customer-centric company on earth. To get there, we need exceptionally talented, bright, and driven people. Amazon is continually evolving and is a place where motivated employees thrive and also where employee ownership and accountability lead to meaningful results.

Amazon is a place where builders can build. Our internships offer exceptional opportunities for you to grow your technical and non-technical skills. From day one, you will be working with experienced engineers who love what they do.

Are you ready to embrace the challenge? Come build the future with us.

Associate Solutions Architect Intern:

The Solutions Architects (SA) organization is a diverse team that focuses on helping customers build infrastructures and applications at scale using AWS solutions. Our solutions architects are passionate technologists with technical breadth and depth coupled with strong interpersonal skills.

As an SA intern, you will receive AWS technical training, immerse yourself in cloud computing, develop business acumen, presentation delivery, and learn more about Amazon culture. You will work in a one on one project environment with the possibility of group projects, complete the AWS Cloud Practitioner Certification, and attend

professional development events.

Are you ready to embrace the challenge?

Upon successful completion of the internship program, select interns will receive a full-time offer to join as an Associate Solutions Architect (which includes a twelve-month training program, known as AWS Tech U) in 2025/2026, after completion of their degree program.

Want to find out what it's like to be a Solution Architect at AWS? Watch this video (

Amazon internships are full-time (38 hours/week) for 8- 12 consecutive weeks, in summer 2024. Applicants should have at a minimum one quarter/semester remaining after their internship concludes.

Note: Applications are reviewed on a rolling basis. For an update on your status, or to confirm your application was submitted successfully, please login to your candidate portal. Please note that we are reviewing a high volume of applications and appreciate your patience.

Mentorship & Career Growth:

Our team is dedicated to supporting new team members in an environment that celebrates knowledge sharing and mentorship. Projects and tasks are assigned in a way that leverages your strengths and helps you further develop your skillset.

Inclusive Team Culture:

Here at AWS, we embrace our differences. We are committed to furthering our culture of inclusion. We have ten employee-led affinity groups, reaching 40,000 employees in over 190 chapters globally. We have innovative benefit offerings, and host annual and ongoing learning experiences, including our Conversations on Race and Ethnicity (CORE) and AmazeCon (gender diversity) conferences.

We are open to hiring candidates to work out of one of the following locations:

Sydney, NSW, AUS

BASIC QUALIFICATIONS

- Currently in your penultimate year of a degree in Computer Science / Engineering / Mathematics / Technology / Related science/technical field.
- Interest and aptitude to learn about and deliver cloud-based solutions to customers.
- Knowledge of one of the programming languages like Java, Python, Ruby, Node.js, C#, or C++ OR the interest and technical ability to learn a programming language.
- Applicants must have valid work authorization in Australia/New Zealand. OR equivalent training, certifications, and/or experience.
- Experience with one of the following programming languages: Java, Python, Ruby, Node.js, C#, C++, or other modern computing languages.
- Experience with Networking fundamentals, Security, Databases (Relational and/or NoSQL) or, Operating Systems (Unix, Linux, and/or Windows).

PREFERRED QUALIFICATIONS

- Experience implementing a cloud-based technology solution in a school project or while working for a company
- Experience with one or more of the following domains: Big Data, Analytics, Security, DevOps, Application Development, or Machine Learning
- Awareness of AWS or cloud computing

Acknowledgement of country:

In the spirit of reconciliation Amazon acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community. We pay our respect to their elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples today.
