

Structural Revit Drafter

[Apply Now](#)

Company: Talent Web

Location: Australia

Category: other-general

Summary

Our client is seeking a skilled Structural Revit Drafter to join their team in Marsden Park. The ideal candidate will have a minimum of 3 years of experience using Revit and AutoCAD in a structural drafting capacity. As a Structural Revit Drafter, you will play a pivotal role in the design and development of our innovative solutions, ensuring accuracy, efficiency, and adherence to project specifications.

Responsibilities:

Utilise Revit and AutoCAD software to produce detailed structural drawings, models, and documentation for raised access floors, structural ceilings, and data centre containment systems.

Collaborate with engineers, architects, and other stakeholders to understand project requirements and translate concepts into accurate technical drawings.

Conduct thorough reviews and revisions of drawings to ensure compliance with design standards, codes, and project specifications.

Generate material take-offs and assist in the preparation of project proposals and estimates.

Support project managers in the coordination and communication of design changes and updates throughout the project lifecycle.

Requirements:

Bachelor's degree or diploma in drafting technology, engineering, or related field.

Minimum of 3 years of experience in structural drafting, with proficiency in Revit and AutoCAD software.
