About the role Produce or assist in the implementation of testing and commissioning Capture and provide inputs into the ITR's and reports (if necessary) Experience in Rail and LV Commissioning (preferable but not essential) Supporting T&C management to enable progression of T&C activities Supporting the construction-testing interface issues identification and management. The following qualifications and experience are highly desired, but if you don't tick all the boxes you could still be a perfect fit for this role. Please apply, all applications will be considered. About you Degree in electrical engineering Experience in Rail Systems or Mechanical and Electrical packages on large Infrastructure projects Experience in managing a team, creating a collaborative and inclusive environment Australian Drivers License Degree in a related Engineering discipline Strong communication skills (oral & written) including strong negotiation and influencing skills UGL – Big projects. Big careers. We keep Australia moving through our transport manufacturing, maintenance and operations offering, and we support the energy sector through our renewables, power generation, resources and transmission operations. Include end to end engineering and services provider (one of Australia's biggest inhouse design houses) We are helping shape the country through our major infrastructure projects in Australia's biggest cities and we're preparing for the future with our new energy, Defence, telecommunications

and technology expertise. We're the people behind communications, rail, water, oil, gas, and renewables. We build tunnels under rivers and flyover roads. We're the people who take on the problems that have never been solved. The ones that stretch you outside of what's known, where your true genius is challenged and shines. Why Unite with the Very Best A competitive salary working in a rewarding, supportive and successful team Flexible and blended work environment; make use of leave, flexible working and our 16 weeks paid primary parental leave options. Help create your Individual Development Plan and create significant opportunities for your professional development A rewarding Wellness Program with AIA Vitality – earn cashback for gym shoes! We'll give you access to a multitude of rewards: Through our partnerships we can offer you discounts across shopping, food and wine, insurance, health and wellbeing, leisure and entertainment. You can also take advantage of our salary sacrifice options including cars, eligible portable electronic devices and professional memberships. As part of the recruitment process, there are several checks which may be conducted to demonstrate an applicant's suitability for a role including police / criminal background checks, medical, drug and alcohol testing, due diligence checks, right to work checks, and/or reference checks. It's good to know that UGL does not discriminate based on a Nationally Coordinated Criminal History Check.
