UI/UX Designer

Apply Now

Company: Zone IT Solutions

Location: Sydney

Category: production

We are looking for UI/UX Designers for one of our Federal clients based in Sydney location

Requirements

Need a strong UX designer with proven industry UX experience to work on a variety of UX projects for our Banking client. Reporting to the Experience Design Manager you will be responsible for:

- Creating best in class, usable and accessible user experiences for products, services, and features that the customers use every day

- Work across a variety of projects at any given time (2 to 3 small to medium pieces of work)

- Designing experiences through task analysis, flows, information architecture, and screen interactions

- Shaping products in a way that is the most desirable for customers, while considering business needs and technology opportunities

- Conducting research and co-design with users to further define solutions and validate the preferred solution through user testing.

- Working with dynamic, cross-functional teams, who keep the customer at the centre of the process and deliver change

- Working collaboratively with CX, UI Designers, and Accessibility.

Benefits
