\$150,000 + Super + 25% Uplift | FIFO from Darwin on a 2/1 roster

Long term management role | Healthy pipeline of projects

Proudly an Indigenous owned company

Our client is an indigenous owned company that is committed to making positive contributions to the communities in which they operate. Their family-based culture sets us apart from our competitors, which is demonstrated through the solid growth and reputation. You will be flying out of Darwin to a project located in the Northern Territory where they have a secured pipeline of work. They have a significant fleet of earthmoving equipment including but not limited to Graders, Excavators, Loaders, Dozers and articulated Haul Trucks, whilst having a range of trucks, utes, and ancillary equipment to maintain and repair.

Your responsibilities include:

Coordinating breakdown repairs with the onsite fitters.

Scheduling preventative maintenance with the operational team.

Championing Fleet processes.

Approval of Fitter timesheets.

Administering our Fleet management system 'The Fleet Office' ensuring a high level of compliance to work order close outs.

Assist fitters diagnosing issues.

The successful candidate will have:

Intimate knowledge of civil earth moving equipment. Prior experience with road going trucks and light vehicles.

Strong leadership and management skills.

Solutions focused approach

Dynamic communicator with internal and external stakeholders.

Positive and proactive attitude.

Your Career

In return, the successful candidate will be rewarded with a permanent position working for a leading company that offers an excellent remuneration package and clear career progression opportunities and training.
